PRIVATE COMMUNICATIONS

No more Whats App!

Personal Notification

School can send private messages to individual parents.

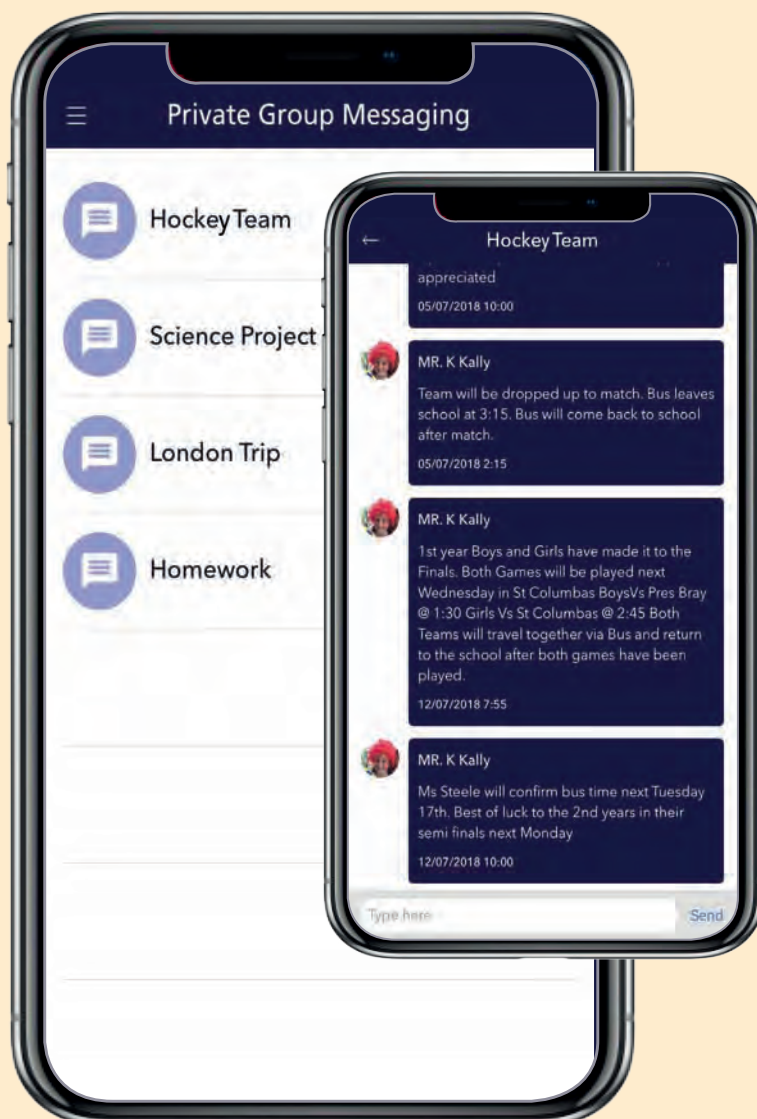

Private Group Messaging

Teachers & coaches can set up Groups for teams or activities. The teachers will then invite students and/or parents to the Group and only those who are invited can participate.

It allows for two way communications. So a coach can announce a match is taking place and a student can reply that they are available to play.

All conversations are recorded and cannot be deleted. This provides a fully secure, private space for communications which is controlled and overseen by the school.

Display name only is visible, email address and mobile numbers are not displayed.

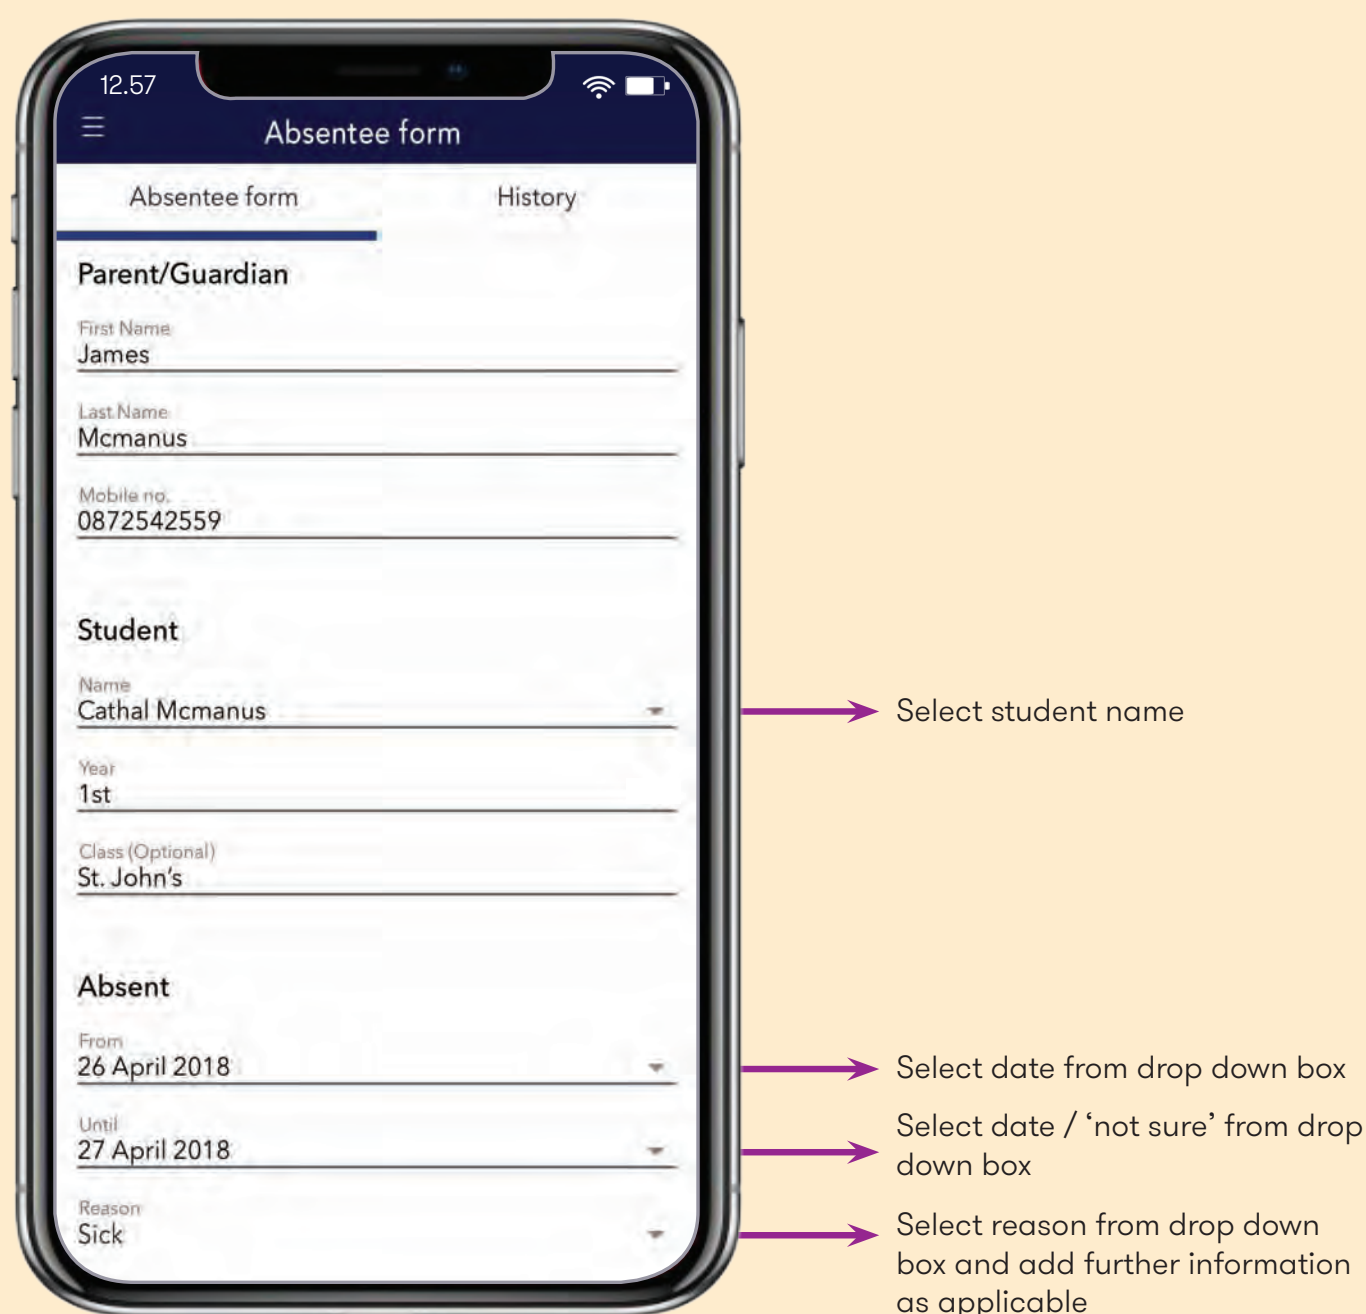

ABSENTEE FORMS

Parents must use the Absentee Form in the App to report their student's absence to the school. This must be done on the date(s) of the absence.

Only parents who have been appropriately confirmed by the school can submit absences. You will also receive a confirmation email to your verified email address when you submit an absence.

The App also contains a full history of every Absentee Form submitted for your student. This history cannot be deleted by the App user.

The screenshot shows the 'Absentee form' app interface. The top status bar displays the time 12:57, signal strength, and battery level. The app title 'Absentee form' is centered at the top. Below the title, there are two tabs: 'Absentee form' (selected) and 'History'. The form is divided into three main sections: 'Parent/Guardian', 'Student', and 'Absent'. Each section contains several input fields, many of which are drop-down menus. Three purple arrows point from the right side of the screen to specific fields: the first points to the 'Name' field under 'Student' (containing 'Cathal Mcmanus'), the second points to the 'From' date field (containing '26 April 2018'), and the third points to the 'Reason' field (containing 'Sick').

PERMISSION TO LEAVE EARLY

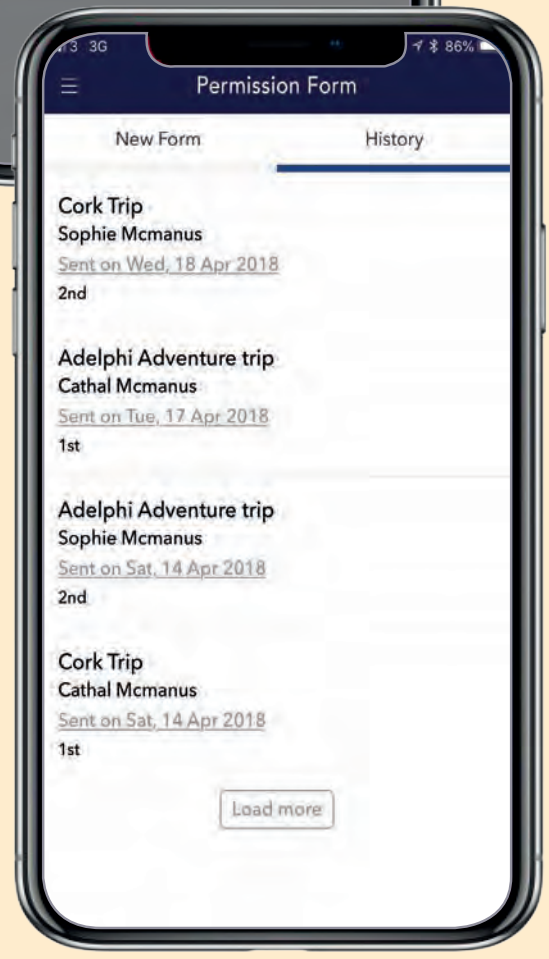

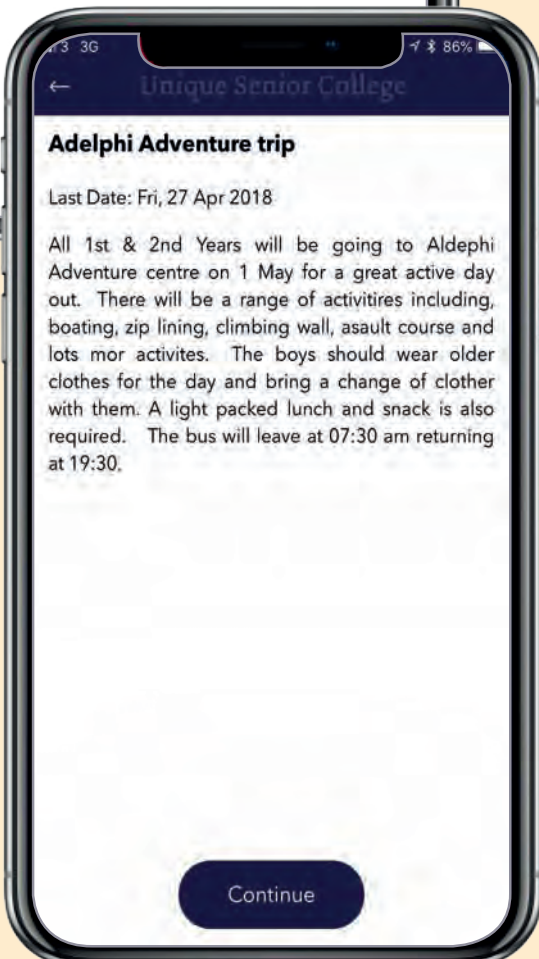

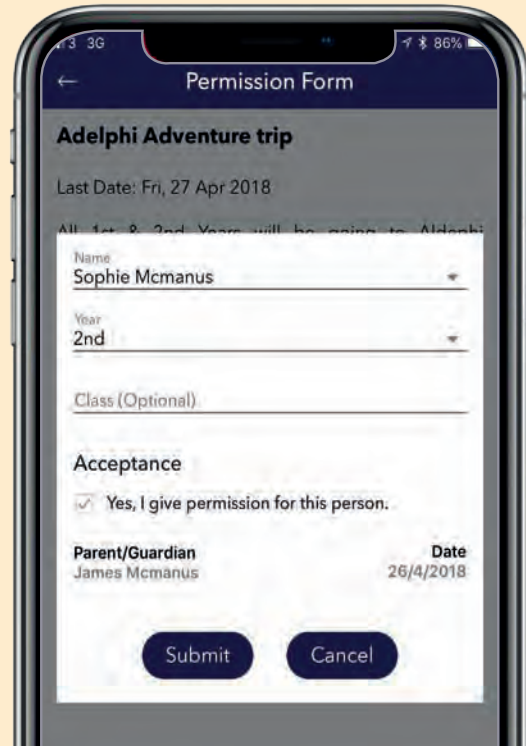

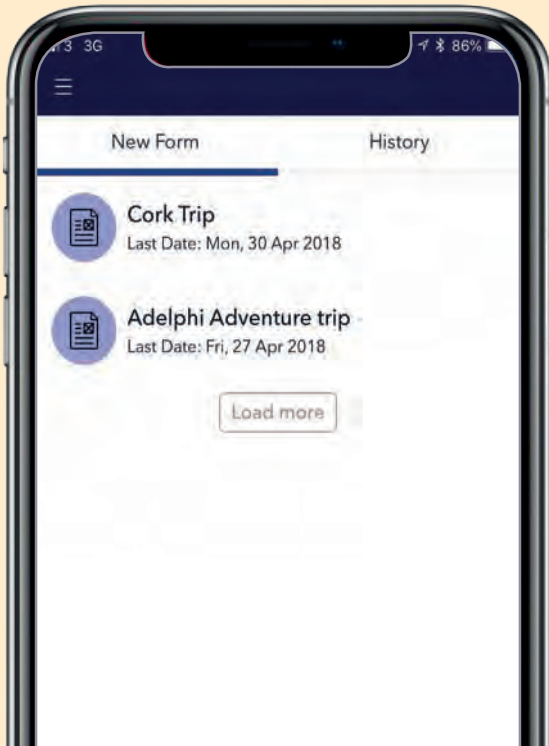

Parents must use the Permission to Leave Early in the App to notify the school that their student needs to leave (and return to) the school early. This must be done on the day in question. The student can then excuse themselves from class and the teacher can view the relevant Permission Note in their Teacher App. Only parents who have been appropriately confirmed by the school can submit Permission forms.

You will receive a confirmation email to your verified email address when you submit a form. The App also contains a full history of every Form sent for that device. This history cannot be deleted by the App user. A student will still need to be signed out from the school in the normal manner.

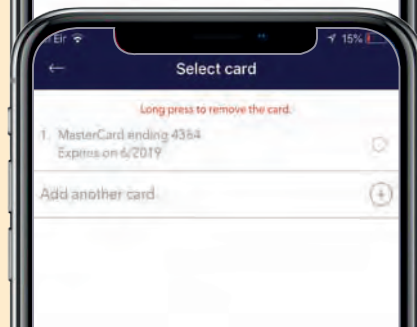

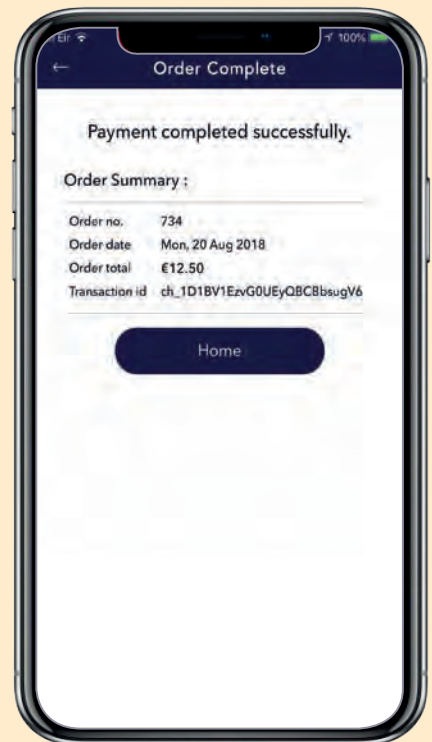

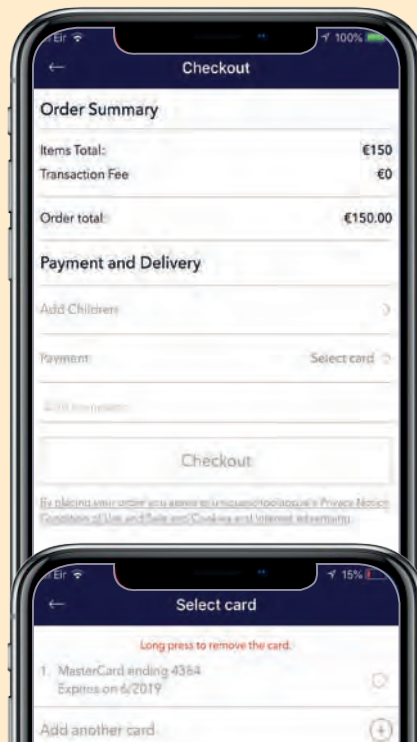

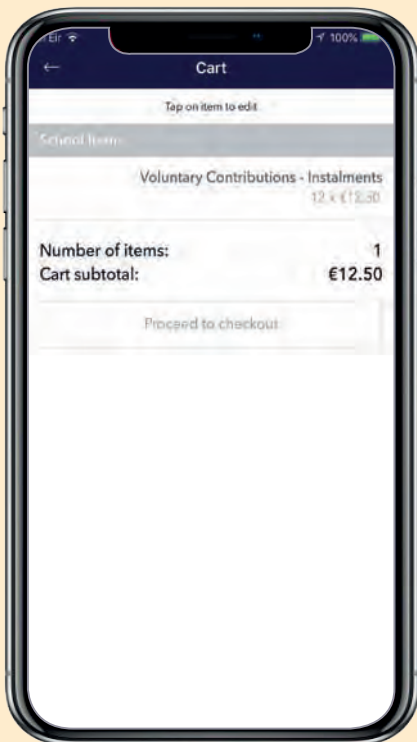

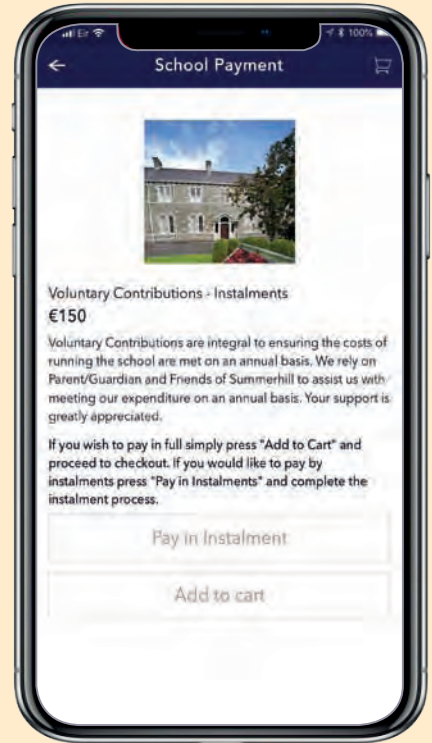

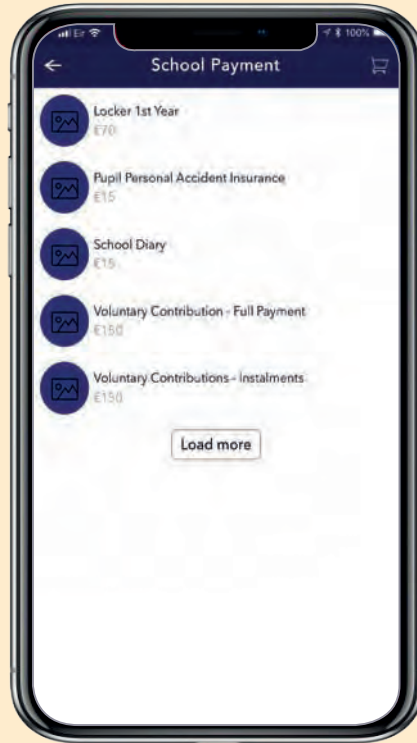

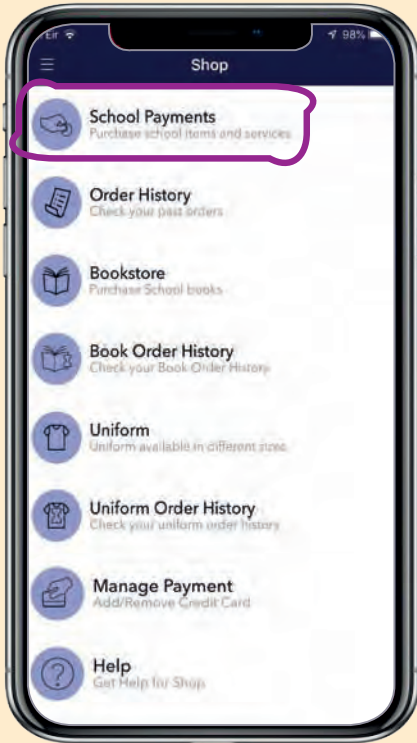

PERMISSION FORMS

Parents will receive a Form in the App when the school needs permission for the students to attend a trip or event. These forms can be quickly and seamlessly returned.

SHOP

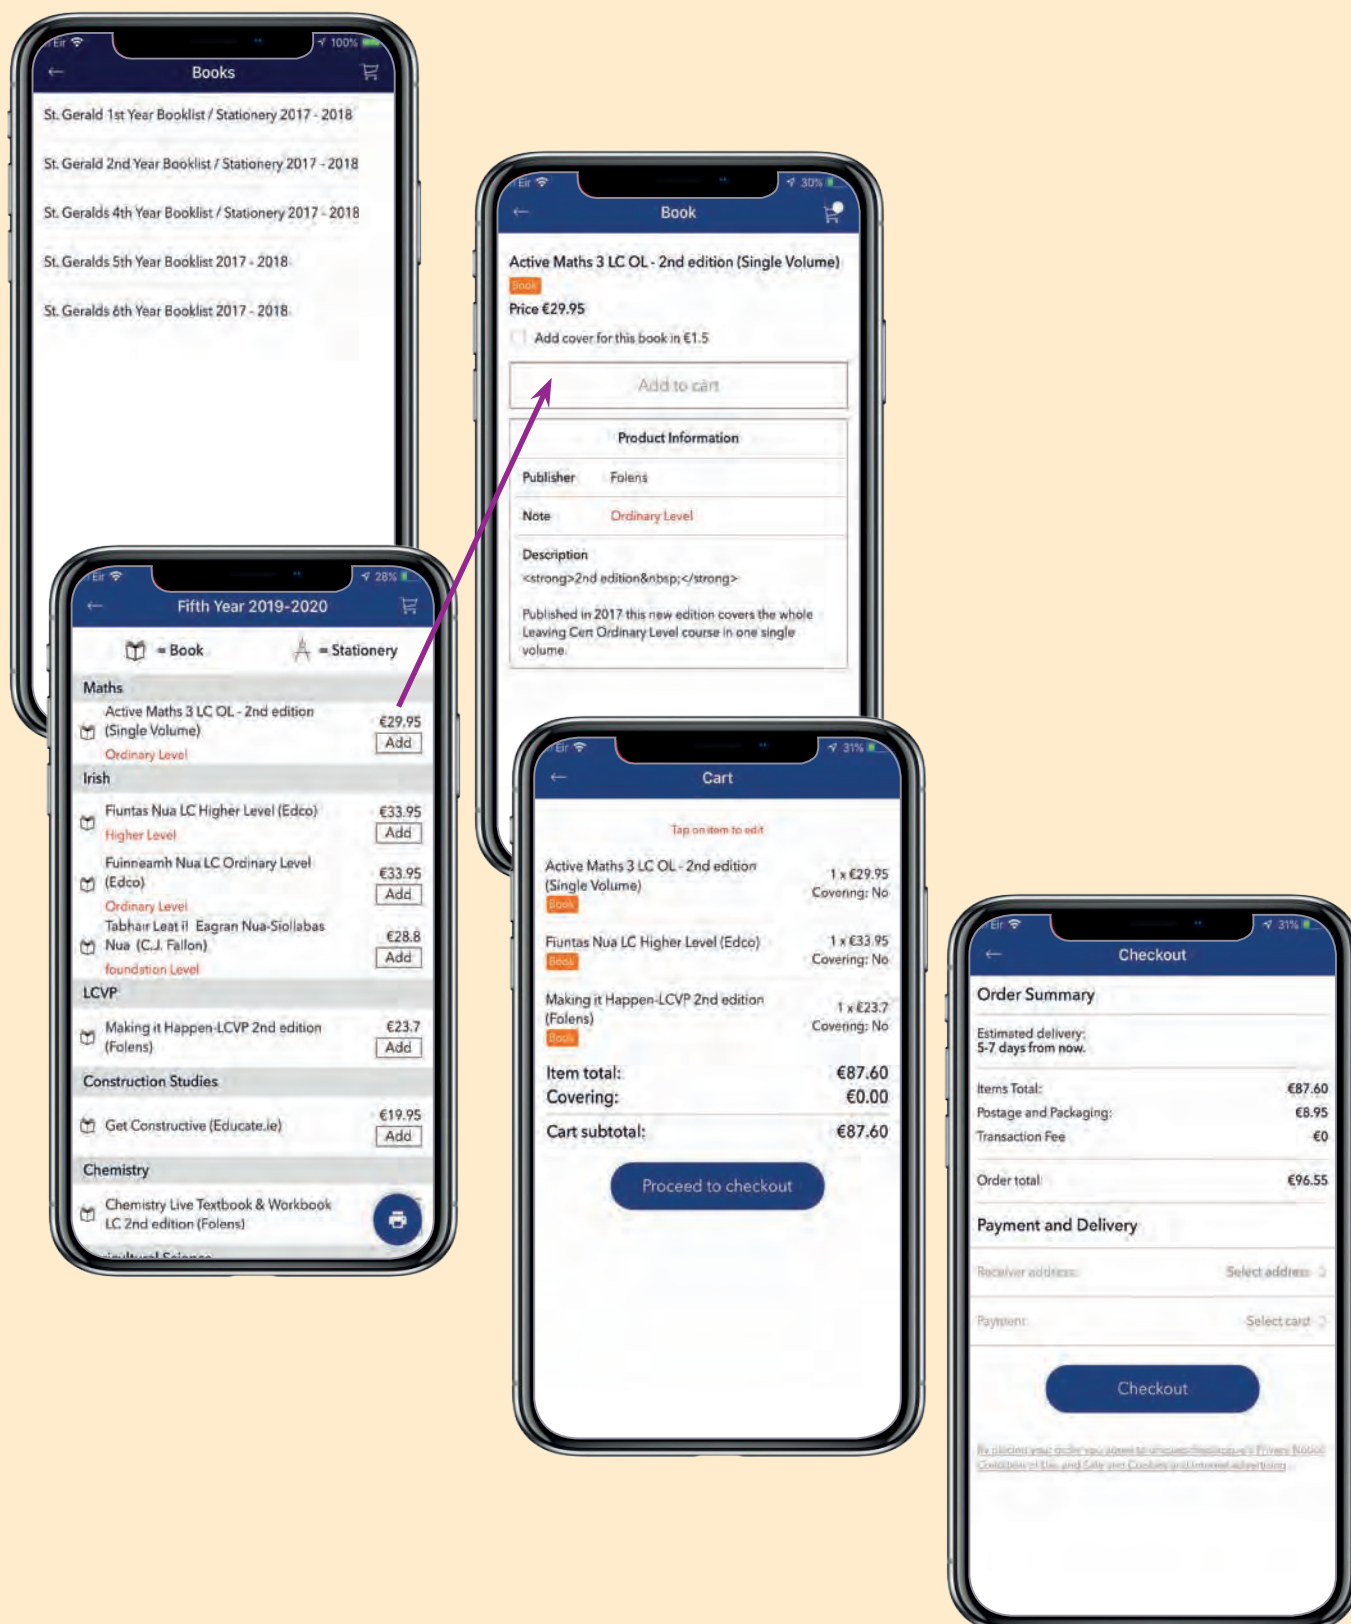

Make in-app school payments for, eg school events, trips, facilities, school books, stationery.

BOOKSTORE

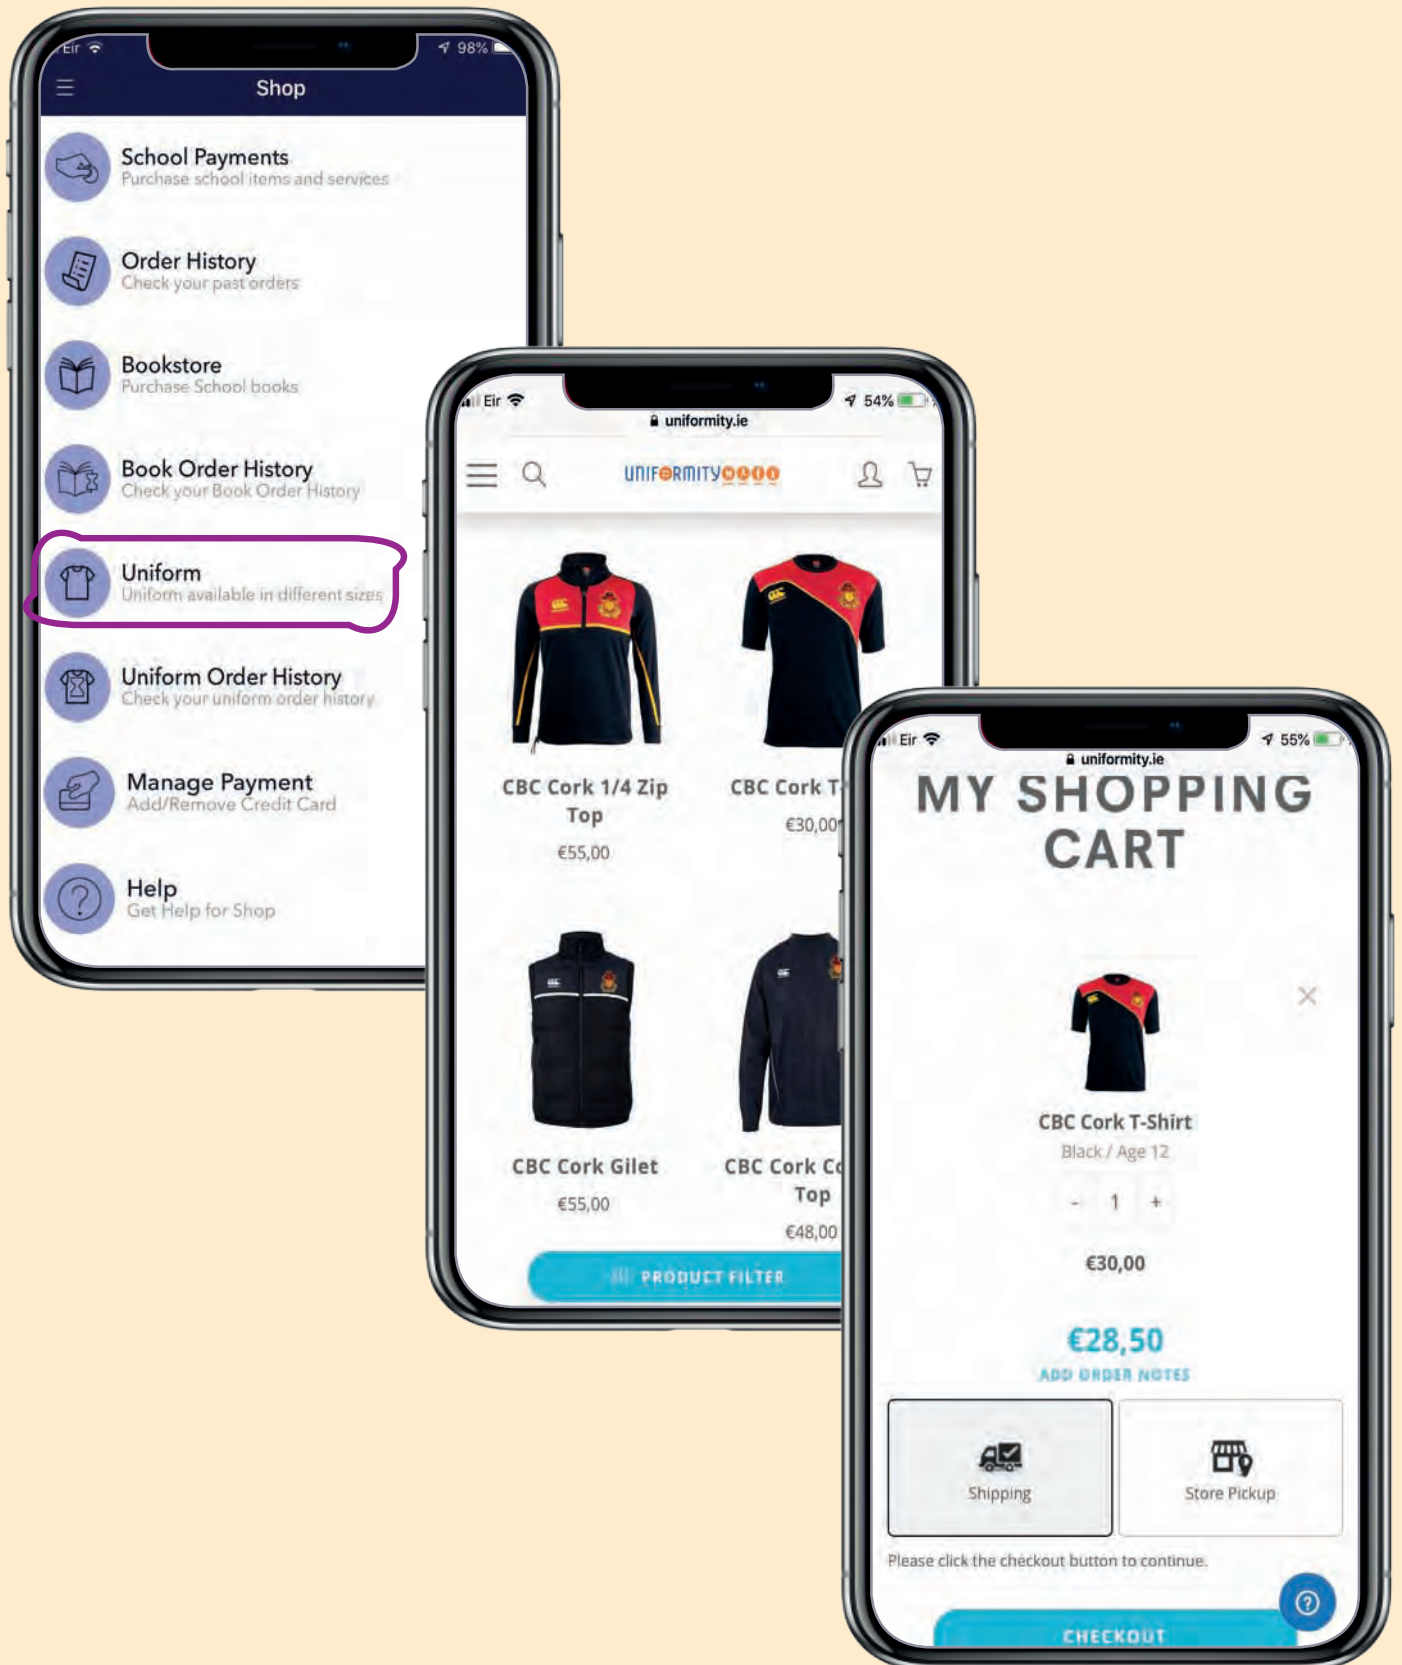

View or print booklists and purchase books in-app.

A full history of purchases can be viewed.
